Dear Dr. Press:

I have been asked several times why in listing the award for excellence in scientific reviewing, it is only referred to as the James Murray Luck Award. It was the intention of Annual Reviews and the Institute for Scientific Information that this be a National Academy of Sciences award established by Annual Reviews and ISI to honor James Murray Luck. I wish to request that in future programs and in other publicity, the award be listed as:

- NATIONAL ACADEMY OF SCIENCES AWARD FOR EXCELLENCE IN SCIENTIFIC REVIEWING -

-- Established by Annual Reviews and the Institute for Scientific Information in honor of James Murray Luck to recognize the contributions of those who write high quality scientific reviews.

Annual Reviews is in complete agreement with my request.
We hope the award will be listed in this manner in the future.

Sincerely,

EG/tam
